Question

Azulejos, mosaics made of glazed ceramic tiles, can be found throughout Portugal. These mosaics beautify places such as _____ stations, and public squares.

Which choice completes the text so that it conforms to the conventions of Standard English?

Answer

- A. libraries train
- B. libraries: train
- C. libraries—train
- D. libraries, train

Correct Answer: D

Rationale

Choice D is the best answer. The convention being tested is the punctuation of items in a simple series. The comma after "libraries" is used conventionally to separate the first and second items ("libraries" and "train stations") in the series.

Choice A is incorrect because it fails to separate the first two items ("libraries" and "train stations") in the series. Choice B is incorrect because a colon can't be used in this way to separate items in a simple series. Choice C is incorrect because a dash can't be used in this way to separate items in a simple series.
