Question

A popular suite of mapping and spatial analysis software, ArcGIS enables cartographers like Karachi Cartography founder Namra Khalid _____ maps by analyzing and arranging raw geospatial data.

Which choice completes the text so that it conforms to the conventions of Standard English?

Answer

- A. create
- B. to create
- C. creating
- D. created

Correct Answer: B

Rationale

Choice B is the best answer. The convention being tested is the use of verb forms within a sentence. The nonfinite to-infinitive verb “to create” is correctly used to form a subordinate clause that expresses how ArcGIS facilitates the creation of maps (by analyzing and arranging certain data).

Choice A is incorrect because it results in an ungrammatical sentence. The finite verb “create” can’t be used in this way to form a subordinate clause that expresses how ArcGIS facilitates the creation of maps. Choice C is incorrect because it results in an ungrammatical sentence. The nonfinite participle “creating” can’t be used in this way to form a subordinate clause that expresses how ArcGIS facilitates the creation of maps. Choice D is incorrect because it results in an ungrammatical sentence. The finite verb “created” can’t be used in this way to form a subordinate clause that expresses how ArcGIS facilitates the creation of maps.
