Question

When following musical scores, professional opera singers like soprano Ana María Martínez take vocal directions from descriptive notations, typically in Italian, that appear alongside the musical notes. _____ these descriptive terms might guide the performer to sing *giocos*o (playfully) or *lento* (at a slow tempo).

Which choice completes the text with the most logical transition?

Answer

- A. On the other hand,
- B. All the same,
- C. For example,
- D. In the second place,

Correct Answer: C

Rationale

Choice C is the best answer. "For example" logically signals that this sentence supports the previous information about the descriptive notations opera singers use by providing specific examples of these notations: *giocos*o (playfully) and *lento* (at a slow tempo).

Choice A is incorrect because "on the other hand" illogically signals that the information in this sentence contrasts with the previous information about the descriptive notations opera singers use. Instead, the sentence provides examples of these notations. Choice B is incorrect because "all the same" illogically signals that the information in this sentence is true despite the previous information about the descriptive notations opera singers use. Instead, the sentence provides examples of these notations. Choice D is incorrect because "in the second place" illogically signals that the information in this sentence is a second point that is separate from the previous information about the descriptive notations opera singers use. Instead, the sentence provides examples of these notations.
