Question

Following her debut album release in 2002, Mexican singer-songwriter Natalia Lafourcade quickly shot to fame. By 2023, she _____ one of the most celebrated musicians in Latin America, having released twelve albums and won seventeen Latin Grammy awards—more than any other female artist in history.

Which choice completes the text so that it conforms to the conventions of Standard English?

Answer

- A. will become
- B. becomes
- C. will have become
- D. had become

Correct Answer: D

Rationale

Choice D is the best answer. The convention being tested is the use of verbs to express tense in a sentence. The past perfect tense indicates an action that was completed before another past action. In this choice, the past perfect verb “had become,” together with the supplemental phrase “by 2023,” indicates that Lafourcade earned her status as one of the most celebrated musicians in Latin America before 2023.

Choice A is incorrect because the future tense “will become” doesn’t indicate that Lafourcade earned her celebrated status before 2023. Choice B is incorrect because the present tense “becomes” doesn’t indicate that Lafourcade earned her celebrated status before 2023. Choice C is incorrect because the future perfect tense “will have become” doesn’t indicate that Lafourcade earned her celebrated status by 2023.
