Question

Santa Clara Pueblo artist Roxanne Swentzell’s sculpture *Mud Woman Rolls On* consists of five human figures made of clay and plant fiber and arranged in descending size; each figure holds the smaller one in front of it. The arrangement of the figures, according to _____ represents her idea that “we all come from the Earth, generation after generation.”

Which choice completes the text so that it conforms to the conventions of Standard English?

Answer

- A. Swentzell
- B. Swentzell,
- C. Swentzell:
- D. Swentzell—

Correct Answer: B

Rationale

Choice B is the best answer. The phrase “according to Swentzell” is an aside that interrupts the flow of the sentence, so it needs to be separated from the sentence with a pair of matching punctuation marks: two commas, two dashes, or a pair of parentheses. We already have a comma before “according,” so we must add a comma after “Swentzell.” .

Choice A is incorrect. This choice creates a punctuation error. The phrase “according to Swentzell” is an aside that interrupts the flow of the sentence, so it needs to be separated from the sentence with a pair of matching punctuation marks: one before and one after the phrase. Choice C is incorrect. This choice creates a punctuation error. “The arrangement of the figures, according to Swentzell” is not an independent clause, so it can’t come before a colon. Choice D is incorrect. This choice creates a punctuation error. The phrase “according to Swentzell” is an aside that interrupts the flow of the sentence, so it needs to be separated from the sentence with a pair of matching punctuation marks. We already have a comma at the beginning, so we have to use another comma here to match. We can’t just switch to a dash! .
