Question

Félix González-Torres debuted his sculpture *“Untitled”* (*USA Today*) in New York City in 1990. The work consists of piled candy, a material González-Torres became known for. _____ created additional installations using a variety of sweets, like bubblegum, lollipops, and chocolates.

Which choice completes the text so that it conforms to the conventions of Standard English?

Answer

- A. They all
- B. Those
- C. Both
- D. He

Correct Answer: D

Rationale

Choice D is the best answer. The convention being tested is pronoun-antecedent agreement. The singular pronoun "he" agrees in number with the singular antecedent "Félix González-Torres," and it clearly indicates that González-Torres created the additional installations.

Choice A is incorrect because the plural noun phrase "they all" doesn't agree in number with the singular antecedent "Félix González-Torres," and it doesn't clearly indicate that he (González-Torres) created the additional installations. Choice B is incorrect because the plural pronoun "those" doesn't agree in number with the singular antecedent "Félix González-Torres," and it doesn't clearly indicate that he (González-Torres) created the additional installations. Choice C is incorrect because the plural pronoun "both" doesn't agree in number with the singular antecedent "Félix González-Torres," and it doesn't clearly indicate that he (González-Torres) created the additional installations.
